Attention ST2 Trainees:

Moving to GP in February?

There are a few things you need to do before starting a General Practice post for the first time.

1. Apply for Northern Ireland Performers List
2. Submit your Enhanced Disclosure Certificate—Access NI with your application (If you do not have a Disclosure Certificate you must apply for this also)
3. Inform you Medical Indemnity Cover provider your moving to a GP post

For more information on this please see email that was sent on the 29th of November or contact us for further help.

GP Appraisal in Northern Ireland

Every GP on the performers list in Northern Ireland must complete a GP appraisal each year. NIMDTA employs 57 GP appraisers and lead appraisers, who [we anticipate] will have carried out up to 1800 appraisals by the end of this appraisal year on 31st March 2017. The GP admin team provide support for the appraisers and appraisees alike. A responsible officer, for all GPs on the NI PMPL (working more than 50% in GMS/ODH in Northern Ireland) is Dr Margaret O’Brien at HSCB. The RO reviews all GPs’ appraisal history when making recommendation to the GMC. Your trainer will arrange for you to have an ‘in-hours’ appraisal at the end of your ST3 year, to ensure that you are familiar with the forms/processes for future appraisals.”

Dr Fiona Allen
Regional Appraisal Coordinator

At the recent GP Appraisal Conference for Appraisers our GP ADEPT fellow, Dr Anna O’Kane talked to the appraisers about Quality Improvement. The NIMDTA GP Admin Team also gave a presentation about the Appraisal Administration Processes and the support they provide for appraisers and appraisees alike.
