A DEPT

Applications for ADEPT Clinical Leadership Programme are now open
For applicant guidance CLICK HERE

NIMOTA is delighted to announce the launch of the 2018/19 ADEPT NI Clinical Leadership Fellow programme.
The programme is launched in partnership with the DOH, HSCB, RQIA, GMC, HSC Safety Forum, HSC Leadership Centre and
HSC Trusts. Places on ADEPT are open to General Practice trainees in the Northern Ireland GP training programme who will be
entering ST3 level in August 2018. Leadership Fellows will be appointed through a competitive process involving submission
of an application form, attendance at interview and delivery of a presentation.

Allocations 2018-2019 Year

The allocations team are commencing the process of preparing trainee allocations for the 2018-19 year.
Allocations panels will be convening in April for all trainees across all levels.
We will be issuing allocation documentation to trainees over the next few months and will keep trainees informed
with regular updates on the process as it progresses.

Out of Hours

ST2 trainees must have completed and submitted OOH forms to cover the required 72 hours by the 6th February 2018.

PMPL Applications

ST2 trainees moving to a GP practice post in February must ensure that they are listed on the PMPL before the 6th of February. Please ensure you
have submitted your applications to Patricia Craig or BSO and/or returned any necessary paperwork to her.

Sick Leave

Always remember to notify us when you have time out of your placement due to sick leave so that we maintain an accurate record of
any and all sick days.

If you are off for 3-7 calendar days you will need to complete a Self Certificate, dated from the first day of absence.
If you are off for more than 7 days or more you will need to submit a doctors certificate.

When notifying us please let us know the nature of the illness as we need this information for HR purposes.

GP Recruitment 2018

The 2018 GP Recruitment event will be running at the selection centre on the 8th and the 9th of February this year.
This event is aimed at ST2 and ST3 GP Trainees and aims to provide an insight into what you, as a new GP, can expect as you enter
the first years of your career. You will get the opportunity to ask a Practice Manager questions regarding recruitment, learning
and immerse yourself in this magnificent music which is one of the gems of the choral repertoire.

For any singers or musicians out there looking to partake in some productive distraction from the daily grind, the Irish Doctor’s Choir are now accepting applications to join their April concert, with rehearsals & performance both taking place in the beautiful and relaxing An Grianán Centre, near Dungloe, Co. Donegal on April 13th & 14th 2018. The performance is scheduled for the evening of Saturday 14th April. We will perform Rachmaninov’s All Night Vigil in traditional acapella manner.

With full bed & board provided the normal participation fee is €180. There are ample grounds within easy reach of the beach and an evening bar for residents, so you can set your work aside for a while and immerse yourself in this magnificently. This is a very rewarding effort getting to perform such a wonderful piece of music, it is also a great way to meet medical students from other universities & doctors from every corner of the country.

Register at the following link to participate: CLICK HERE

Peer Mentoring Scheme

NIMOTA is running a Peer Mentoring scheme which is aimed at developing an informal supportive relationship between more junior trainees (mentees) and senior trainees (mentors). This scheme was developed to both support junior colleagues and to develop skills, such as listening, communication and solution based thinking, in more senior trainees.

Applications are open for senior trainees (ST3+) to apply for the role of mentor. The feedback from those involved in the scheme to date has been very positive. Click HERE for more information.

You will be required to attend a training event to gain skills to help you in your role as a mentor prior to being matched with a mentee. You can book these sessions by clicking on the relevant link below.

Progression to becoming an active mentor will require a satisfactorily completed and supported application form and attendance at the training session.

Tuesday 27th Feb 2018 Beechill room 9:30 to 4pm – Book via Course Manager
Friday 19th April 2018 Seminar room 9:30 to 4pm – Book via Course Manager
Friday 18th May 2018 Seminar room 9:30 to 4pm – Book via Course Manager

ARCPs

Reminder of the ESRs and ARCP dates and deadlines or the 2017/2018 year:

FEBRUARY:
• ST1 – 1st February 2018 – ARCP Panel for those completing ST1 year and Aug 17 starts, requests for ARCPs.

JUNE:
• ESR 2 – submission & ARCP dates for June 2018
  ST3 Trainees:
   • ESR 2 – 23/05/2018
   • ARCP Panel – 07/06/2018

ST3 Trainees:
• ESR 2 – 30/06/2018
• ARCP Panel – 14/06/2018

ST2 Trainees:
• ESR 2 – 06/06/2018
• ARCP Panel – 21/06/2018

Out of Sync and OOP Trainees at all levels
• ESR 2 – submission & ARCP dates for June 2018
• ESR 2 – 19/06/2018
• ARCP Panel – 28/06/2018

A completed Enhanced Form R must be submitted by all ST1/ST2/Out of Sync and ST3 trainees by 11 May 2018. Failure to provide a fully completed Form R by this date will mean an adverse ARCP Outcome.

HSC Library-Free Requests

The Medical and HSC Library are now supplying books and articles free of charge.

Previously, requesting an article or book that was not held within our internal network of libraries may have resulted in an E8 charge per item. Now the Medical and HSC Library are operating a new system where all requests are free, even those supplied from non-QUB libraries.

HSC Library membership is required, and this can be easily achieved using the online registration form.

You can request items through the Medical and HSC Library website using the place request function.

Staff will process your request and will contact you if there are any problems or delays.

Guidance for recording information on ePortfolio

The Academy of Medical Royal Colleges has worked alongside the Royal College of Paediatrics and Child Health to produce key guidance on how to correctly enter information on ePortfolio. CLICK HERE to read the guidance.
