Foundation Trust*

10 -11 NOVEMBER 2011 AT SECC GLASGOW

CPD: 12 CREDITS APPLIED FOR

*The Royal College of Physicians and Surgeons of
Glasgow 2nd Triennial Conference for Physicians,
Surgeons, Dentists and associated professionals*

MEDICAL FORUM

The medical forum is an intense 2-day programme focussing on care for acutely ill patients which will make a difference to your practice. The speakers are all national and international experts, who will share their knowledge, give you practical advice and provide an update on what is new for 2011 and beyond.

SURGICAL FORUM

The Glasgow Surgical Forum, now in its 19th year, has a well deserved reputation for excellence among surgeons worldwide. The "by surgeons for surgeons" format brings five recognised national and international leaders together for two days of updates, practical discussions and state of the art lectures.

DENTAL SYMPOSIUM

The Dental Symposium brings together some outstanding opinion leaders from a number of backgrounds to challenge the thoughts of the whole dental team on Setting Standards and Achieving Excellence, at national, local, personal or practise level.

AUTUMN LUNG CONFERENCE

The Autumn Lung Conference offers essential clinical updates for all working in respiratory medicine. This year the focus is on ventilatory support in myopathy and progress in lung cancer treatment amongst other widespread respiratory challenges.

TRAVEL MEDICINE SYMPOSIUM

The Travel Medicine Symposium has a military theme and brings together internationally recognised speakers to discuss the very topical areas of expedition medicine, preparation for long term expatriation and charity challenges amongst other key issues affecting the traveller.

HISTORY OF MEDICINE FORUM

The History of Medicine Forum will focus on the impact of war on medicine from the development of new surgical and medical techniques to a better understanding of the psychological effects of warfare.
