

Foundation Update

Issue #362 - 11th April 2024

Click on the blocks below to be linked to their subject.

Courses & Events

The British Cardiovascular Society is launching a brand new, free webinar series for medical students and foundation doctors!

Cardiology Survival Skills: Practical tips to help you survive and thrive on the wards.

Each evening webinar will consist of 40 minutes of teaching followed by 20 minutes of discussion about careers in Cardiology and Q&A. Webinars will cover high yield exam topics, preparing you for upcoming finals and life on the wards! All are welcome – please sign up via the QR code on our **flyer**. Any queries, please contact us at wic@bcs.com.

The UKFPO welcome all Foundation doctors to our fourth webinar of the training year. The Faculty of Medical Leadership and Management will host a webinar for Foundation doctors (and supervisors). The webinar will be taking place on Tuesday 30th April 2024 from 14:00 to 15:00. [Click here for more information.](#)

Are you interested in a career in Palliative Care? The Association of Palliative Medicine Juniors Committee is hosting a FREE careers webinar on the 21st May 2024. Anyone at all is welcome to join! The talk itself is free but will require you to book online in order to receive the link.

Items Included in this issue:

- Foundation doctors and leadership webinar
- April e-learning for health update

The Society for Acute Medicine are having their annual spring conference in Belfast this year and are calling for volunteers to act as a model for ultrasound scanning, preferably male as part of the body to be scanned is the chest. This is for the 1 day FAMUS (focused acute medicine ultrasound) course on Wed 1st May in the Europa. [Click here for more information.](#)

Attention F1 doctors: Invitation to participate in Educational Research

We are interested in seeing how holding an on-call bleep and participating in patient care helps final year medical students take responsibility during their assistantship, and your experiences of moving into a supervisory role. You will have already received information about the Queen's University Belfast 'Pass the Bleep' programme which will take place during the FY0 assistantship. There are various elements for FY1s to be involved in including workshops, simulation, bleep prioritisation and an on-call shift where the final year medical student holds the on-call bleep/vocera and you as the FY1 accompany them. [Click here for more information](#) or email kaiken04@qub.ac.uk to find out more!

F2 FLiGHT Modules

****Reminder** - Evaluations are only available for 28 days from the date of attending a session. Evaluations are not emailed to trainees, trainees are required to log into Accent Course Manager and search under "My Evaluations" to view the feedback forms which are required to be completed. Once you have submitted your evaluation your certificate will be made available in your "My Certificates" area. If you are not able to find an evaluation form you believe should be available and it is still within the 28 days please email genericskills.nimmdta@hscni.net for the team to investigate further. Evaluations cannot be made available once the 28 days has passed and you will not receive a certificate of attendance.**
