The ASPIRE to Excellence 2023 Award Submissions are now open. Click here for more information

### \*Calling F2 Doctors\*

The Placement Quality team at NIMDTA is committed to improving the quality of training for foundation doctors. Following on from the "Redefining F1" summit in 2018, and subsequent re-surveys of F1 placement quality, we are hosting a focus group in December 2022 to re-visit the quality of F1 training in Northern Ireland (date and venue to be confirmed, preferably face to face).

We are calling on current F2 doctors across the region (i.e. those who were F1s in the academic year 2021-2022) to attend and take part in this important piece of work. Your insight will be vital in driving change and improving the experience of future F1 doctors.

If you are interested attending, please contact Conor McCann (ADEPT Fellow for Placement Quality): e-mail: conor.mccann@hscni.net; Text/WhatsApp: 07743244677

## OctABer Reminder

During October all Foundation Doctors should choose and request those working with them in healthcare positions to complete TAB forms. The minimum number to be completed is in your Turas portfolio:

- 2 Consultants/Trained GPs (including clinical or educational supervisors)
- 1 Doctors (more senior than F2)
- 2 Senior Nurses
- 2 Allied Health Professionals/Additional team members and auxiliary staff
- 0 Foundation Doctors (max 2)
- 0 Pharmacists

It is recommended that you request double the number at least in order to ensure that you receive the minimum numbers required.

Are you interested in taking a Dyslexia Screening Test?
