

All Foundation Trainees who have passed the PSA examination should now have access to upload their certificate onto their e-portfolio (TURAS). You can do this by:

- Select Forms then Mandatory Certificates.
- Scroll down to the bottom of the Mandatory Certificates page where you will find a record for Prescribing Safety Assessment (PSA).
- Click on the Actions button and select Upload

If these options do not appear on your TURAS portfolio please email [foundation.nimda@hscni.net](mailto:foundation.nimda@hscni.net) to let us know and we will investigate further.
